Over the past five years, IIL's exports have surpassed USD 150 million, and the company has been honored with the FPCCI's export awards for 24 consecutive years. Its products have been sold in more than 60 countries, including Australia, North America, Europe, Africa, the Middle East, and South Asia. Moreover, IIL has contributed over PKR 6.4 billion in duties and taxes to the national exchequer.

As part of its growth strategy, IIL is focused on the sustainable expansion of both its domestic and export portfolios, while also exploring new revenue opportunities.
