For the nine months ended March 31, 2024

The Directors of your Company are pleased to present the financial statements for the nine months ended March 31, 2024.

Most major global economies are still struggling to overcome the challenges of high inflation, monetary tightening, and dampened demand. On the domestic front, while relative stability has been achieved in terms of key macroeconomic indicators, economic growth is expected to remain subdued in the short term. This, along with an uncertain business climate, has suppressed demand across all industrial segments, with key sectors including construction & building materials, automotive, and infrastructure registering significant declines.

Although the overall market for pipe & tubing shrank by almost 25% compared to last year, your Company was able to maintain its market share with just a minor erosion of sales volumes compared to the corresponding period last year. Against the backdrop of stagnant economic growth and uncertain business conditions, your Company's sharp focus on efficiency improvements through working capital management and cost controls helped in maintaining profit margins.

Sales revenue for the period was Rs.22.6 Bn, which was 12 % higher than the same period last year (SPLY). In terms of quantity, domestic sales were down by 5%; with export sales registering 2% increase compared to SPLY. In value terms, domestic sales were down by 16% and exports by 6% compared to SPLY. The Company continued to successfully strengthen its Balance Sheet through effective working capital management.

Despite lower volumetric sales, the Company reported a Profit After Tax of Rs. 1.33 Bn (EPS Rs. 10.09) for the first nine months of the financial year, compared to a Profit After Tax of Rs. 1.42 Bn (EPS Rs. 10.77) for the corresponding period last year. This includes gross dividend income of Rs. 1.225 Bn (SPLY: Rs. 1.142 Bn) from subsidiary and associate companies.

The Company's major subsidiary, International Steels Limited, reported a sales turnover of Rs. 56.015 Bn (SPLY: Rs. 57.824 Bn) and a Profit after Tax at Rs. 3.058 Bn (SPLY: Rs. 1.577 Bn), generating an EPS of Rs. 7.03, compared to Rs. 3.62 for the same period last year.

Developed economies are expected to perform relatively better in the next fiscal year. The International Monetary Fund (IMF) and the World Bank have projected positive global growth at 3.1% and 3.2% for FY 2024 and FY 2025, respectively. However, these estimates are contingent upon stability in oil prices which, along with supply chain pressures, are currently a source of considerable uncertainty due to the continuing Ukraine-Russia war and the escalating Middle East crises. The risks associated with global increases in commodity prices, supply chain disruptions, and rising freight costs globally, along with domestic challenges including increasing energy costs, elevated interest rates, high inflation, and absence of structural reforms in key areas will continue to pose serious challenges for the manufacturing industry.

Your Company is committed to demonstrating resilience in the face of the global and domestic economic slowdown. Relative political stability following the recent general elections, coupled with the government's efforts to bring foreign investment into the country and enter into an enhanced funding programme with the IMF should pave the way for achieving the stability and growth going forward. While cognizant of short-term challenges, the Company remains cautiously optimistic about its prospects for the next financial year.

We extend our gratitude to all stakeholders for their continued support during this time of unprecedented challenges and look forward to improvements in the Pakistan economy and business conditions in the medium term.

الحکے مالی سال میں ترقی یافتہ معیشتوں میں نسبتاً بہتر کارکردگی کی توقع ہے۔ بین الاقوامی مالیاتی فنڈ (IMF) اور ورلڈ بینک نے عالمی سطح پر مالی سال 2024 اور مالی سال 2025 کیلئے بالتر تیب %3.1 اور %3.2 مثبت نمو کی توقع ظاہر کی ہے۔ تاہم بیرتخمینے تیل ک قیمتوں میں استحکام اور سپلائی چین کے دباؤے مشروط ہے جو فی الوقت یوکرین رشیا کی جنگ اور وسطی کے بڑھتے ہوئے بحران کے سبب خاصی غیریقینی کیفیت سے دوچار ہے۔ عالمی سطح پر اشیاء کی قیمتوں میں اضافہ، سپلائی چین میں رکا وٹوں اور عالمی نظر کی سطح بوئے اور کی سبب اخراجات کے خدشات کے ساتھ ساتھ ملکی چیلنجز بشمول تو انائی کی کمی، بڑھتی ہوئی مثر میں در افراط اور بنیا دی اسر کی احراجات نہ ہونا کاروبار کیلئے بڑے چینے ہیں۔

10. GAS INFRASTRUCTURE DEVELOPMENT CESS

Supreme Court of Pakistan (SCP) upheld the vires of the Gas Infrastructure Development Cess Act, 2015 (GIDC Act, 2015) through its judgement dated August 13, 2020 and advised the Government of Pakistan (the GoP) to initiate the gas pipeline project within six months. The SCP on November 2, 2020 ordered that its decision of August 13, 2020 has validated the GIDC Act, 2015 in complete sense and the exceptions allowed under section 8(2) of the GIDC Act to the industrial sector are also available. Further, payment of accumulated Gas Infrastructure Development Cess (the Cess) was allowed in 48 installments instead of 24 installments.

The Company has also filed civil suits before Sindh High Court (SHC) on the ground that the Company has not passed on the burden of the Cess. Stay orders were granted in the aforesaid suits, which are operative till the next date of hearing.

Despite the aforesaid order dated August 13, 2020 by the SCP, the GoP did not initiate the gas project within six months. Therefore, during the financial year ended June 30, 2021, the Company filed a petition with the SHC challenging the validity of the GIDC Act, 2015.

11.1 These includes the current portion of Gas Infrastructure Development Cess amounting to Rs. 354.87 million (June 30, 2023: Rs. 299.07 million).

This also includes a provision against the revision of gas tariff by the Oil and Gas Regulatory Authority amounting to Rs. 114.49 million (June 30, 2023: Rs. 125.49 million). On February 18, 2023 the Sindh High Court validated the increase in gas tariff w.e.f. October 23, 2020 instead of September 1, 2020 and encashment of cheques submitted to the Nazir against the differential of tariff. The Company preferred an appeal against the said order before the divisional bench.

On March 28, 2024 the divisional bench of the SHC upheld the order of the single judge and ordered for encashment of securities deposited. The Company is considering an appeal before the Supreme Court against the said order, however, in the meantime 25% of the differential has been deposited with the SSGC under protest.

11.2 This represents a provision against the amount guaranteed to Excise and Taxation Department. The Sindh Finance Act, 1994 prescribed an infrastructure fee at the rate of 1% of the C&F value of all goods entering or leaving the province of Sindh via sea or air. The Sindh High Court (SHC), passed an interim order directing that every company subsequent to December 27, 2006, is required to clear the goods by paying 50% of the fee amount involved and furnishing a guarantee / security for the balance amount. Bank guarantees issued as per the above-mentioned interim order amounting to Rs. 1,292 million (June 30, 2023: Rs. 1,207 million), have been provided to the Department. However, a provision to the extent of amount utilized from the limit of guarantee has also been provided for by the Company on the basis of prudence. Subsequently, through the Sindh Finance Act 2015 and 2016, the legislation has doubled the rate of Infrastructure Cess. The Company had obtained a stay against this and the ultimate dispute had been linked with the previous Infrastructure Cess case.

The case was decided on June 4, 2021 by the SHC whereby the SHC declared the first four versions of the law unconstitutional and a release of bank guarantees was ordered. However, the Sindh Infrastructure Development Cess Act, 2017 was declared constitutional with retrospective effect from 1994. The operation of the order remained suspended till September 3, 2021. The Company was not in agreement with the above orders and filed an appeal before the Supreme Court of Pakistan (SCP).

On September 1, 2021, the SCP granted a stay order against the operation of the order of SHC dated June 4, 2021, that the bank guarantees already submitted by the Company in pursuant to the order of the SHC is valid and enforceable. The SHC further ordered that imports should be released on submission of fresh bank guarantees equivalent to the duty under the Act.

11.3 The Company filed a constitutional petition with the SHC against notice to the Company for payment of Sindh Workers Welfare Fund under the Sindh Workers Welfare Fund Act, 2014 despite the fact that the Company is making the payments of Workers Welfare Fund to the Federal Government. A stay was obtained on the ground that the Company is a transprovincial establishment operating industrial and commercial activities across Pakistan and is liable to pay Workers Welfare Fund under Federal Workers Welfare Fund Ordinance, 1971.

2. BASIS OF PREPARATION

2.1 Statement of Compliance

These consolidated condensed interim financial statements have been prepared in accordance with accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34 'Interim Financial Reporting' issued by the International Accounting Standard Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

For the period ended March 31, 2024

- **2.1.1** These consolidated condensed interim financial statements do not include all the information required for full annual financial statements and should be read in conjunction with the audited annual consolidated financial statements of the Holding Company as at and for the year ended June 30, 2023.
- **2.1.2** The comparative Consolidated Condensed Interim Statement of Financial Position presented in these consolidated condensed interim financial statements have been extracted from the audited annual consolidated financial statements for the year ended June 30, 2023, whereas the comparative Consolidated Condensed Interim Statement of Profit or Loss, Consolidated Condensed Interim Statement of Profit or Loss, Consolidated Condensed Interim Statement of Comprehensive Income, Consolidated Condensed Interim Statement of Changes in Equity are extracted from the unaudited consolidated condensed interim financial statements for the period ended March 31, 2023.

2.2 Basis of measurement

These consolidated condensed interim financial statements have been prepared under the historical cost convention except for the Group entities' liabilities under defined benefit plan (Gratuity Fund) which is determined based on the present value of defined benefit obligations less fair value of plan assets determined by an independent actuary and land and buildings at revalued amounts assessed by an independent valuer which are stated at fair value.

2.3 Functional and presentation currency

These consolidated condensed interim financial statements are presented in Pakistani Rupees which is also the Holding Company's functional currency. All amounts have been rounded to the nearest thousand, unless otherwise indicated.

2.4 Basis of consolidation

2.4.1 Subsidiaries

Subsidiaries are all entities over which the Group has the power to govern the financial and operating policies generally accompanying a shareholding of more than 50% of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity. Further, the Group also considers whether:

- it has power to direct the activities of the subsidiaries;
- is exposed to variable returns from the subsidiaries; and
- decision-making power allows the Group to affect its variable returns from the subsidiaries.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are derecognised from the date the control ceases. These consolidated condensed interim financial statements include the Holding Company and all companies which it directly or indirectly controls, beneficially owns or holds more than 50% of the voting securities or otherwise has power to elect and appoint more than 50% of its directors (the Subsidiaries).

The interim financial statements of the Subsidiaries have been consolidated on a line-byline basis. Inter-company transactions, balances, income and expenses on transactions between Group entities are eliminated. Unrealised profits and losses are also eliminated. Accounting policies of the Subsidiaries are consistent with the policies adopted by the Group.

For the period ended March 31, 2024

2.4.2 Transactions and non-controlling interests

Where the ownership of a subsidiary is less than hundred percent and therefore, a noncontrolling interest (NCI) exists, the NCI is allocated its share of the total comprehensive income for the period, even if that results in a deficit balance.

The Group treats transactions with non-controlling interests that do not result in loss of control as transactions with equity owners of the Group. The difference between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of a subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

3. SIGNIFICANT ACCOUNTING POLICIES

3.1 The accounting policies and methods of computation adopted in the preparation of these consolidated condensed interim financial statements are the same as those applied in the preparation of audited annual consolidated financial statements as at and for the year ended June 30, 2023.

3.2 Changes in accounting standards, interpretations and pronouncements

a) Standards and amendments to approved accounting standards that are effective

There are certain amendments and interpretations to the accounting and reporting standards which are mandatory for the Group's annual accounting period which began on July 1, 2023. However, these do not have any significant impact on the Group's financial reporting.

b) Standards and amendments to approved accounting standards that are not yet effective

There are certain amendments and interpretations to the accounting and reporting standards that will be mandatory for the annual accounting periods beginning on or after July 1, 2024. However, these are considered either not to be relevant or to have any significant impact on the consolidated financial statements and, therefore, have not been disclosed in these consolidated condensed interim financial statements.

4. ACCOUNTING ESTIMATES, JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

- **4.1** The preparation of consolidated condensed interim financial statements in conformity with accounting and reporting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.
- **4.2** The significant judgements made by the management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual consolidated financial statements as at and for the year ended June 30, 2023.
- **4.3** The Group's financial risk management objectives and policies are consistent with those disclosed in the audited annual consolidated financial statements as at and for the year ended June 30, 2023.

11.1 These include the current portion of Gas Infrastructure Development Cess amounting to Rs. 1,596.9 million (June 30, 2023: Rs. 1,344.48 million).

This also includes a provision against the revision of gas tariff by the Oil and Gas Regulatory Authority amounting to Rs. 832.3 million (June 30, 2023: Rs. 843.22 million).

On February 18, 2023 the Sindh High Court validated the increase in gas tariff w.e.f. October 23, 2020 instead of September 1, 2020 and encashment of cheques submitted to the Nazir against the differential of tariff. The Company preferred an appeal against the said order before the divisional bench.

On March 28, 2024 the divisional bench of the SHC upheld the order of the single judge and ordered for encashment of securities deposited. The Holding Company is considering an appeal before the Supreme Court against the said order, however, in the meantime 25% of the differential has been deposited with the SSGC under protest.

11.2 This represents a provision against the amount guaranteed to Excise and Taxation Department. The Sindh Finance Act, 1994 prescribed an infrastructure fee at the rate of 1% of the C&F value of all goods entering or leaving the province of Sindh via sea or air. The Sindh High Court (SHC) passed an interim order directing that every company subsequent to December 27, 2006, is required to clear the goods by paying 50% of the fee amount involved and furnishing a guarantee / security for the balance amount. Bank guarantees issued as per the above-mentioned interim order amounting to Rs. 5,074.5 million (June 30, 2023: Rs. 4,250 million) have been provided to the Department. However, a provision to the extent of amount utilized from the limit of guarantee has also been provided for by the Holding Company and ISL on the basis of prudence. Subsequently, through the Sindh Finance Act 2015 and 2016, the legislation has doubled the rate of Sindh Infrastructure Cess. The Holding Company and ISL had obtained a stay against this and the ultimate dispute has been linked with the previous infrastructure cess case.

The case was decided on June 4, 2021 by the SHC whereby the court declared the first four versions of the law unconstitutional and a release of bank guarantees was ordered. However, the Sindh Infrastructure Development Cess Act, 2017 was declared constitutional with retrospective effect from 1994. The operation of the order remained suspended till September 3, 2021. The Holding Company and ISL were not in agreement with the above orders and filed an appeal before the Supreme Court of Pakistan (SCP).

On September 1, 2021, the SCP granted a stay order against the operation of the order of SHC dated June 4, 2021, that the bank guarantees already submitted by the Holding Company and ISL in pursuant to the order of the SHC are valid and enforceable. The Court further ordered that imports should be released on submission of fresh bank guarantees equivalent to the duty under the Act.

11.3 The Holding Company and ISL have filed a constitutional petition with the SHC against a notice to the companies for payment of Sindh Workers Welfare Fund under the Sindh Workers Welfare Fund Act, 2014 despite the fact that the companies are making the payments of Workers Welfare Fund to the Federal Government. A stay was obtained on the ground that the Holding Company and ISL are trans-provincial establishments operating industrial and commercial activities across Pakistan and are liable to pay Workers Welfare Fund under federal Workers Welfare Fund Ordinance, 1971.
